INTRODUCTION

Why Your Business Data Matters

Your business generates data every day.

Sales.

Customers.

Expenses.

Products.

Marketing.

Cash flow.

But data only becomes useful when it is organized, accurate and reviewed regularly.

QUICK SELF-CHECK

☐ I know how much revenue my business generates☐ I know my major expenses☐ I know my profit☐ I know my best-selling products☐ I know where my customers come from☐ I track customer growth☐ I review my numbers regularly
